

NOTICE: To receive credit for Reading Quiz 7, you must complete it (on WyoSakai) by 5:00 pm on Monday 3/22/2010.

Reading Quiz 7 is derived from Chapters 14 and 15 in your book. You can find lectures related to this quiz on WyoCast (<http://wyocast.uwyo.edu/>). To find the lectures, you'll need to log in to WyoCast (using your uwyo login name and password) and view the economic geology lectures in the **Spring 2009 GEOL1100** folder. The relevant lectures were recorded on 4/24/2009, 4/27/2009, and 4/29/2009. These are excellent lectures, delivered by Professor Ron Frost, and we encourage you to watch all of them.

Reading Quiz 7 and the lectures from Spring 2009 are your only exposure to energy and mineral resources in this class. You will be responsible on Lecture Exam 2 for the material covered on Reading Quiz 7. Hence, we strongly recommend that you review Reading Quiz 7 in preparing for the next exam!
